I am delighted to find that “ *i Watch* ” has been created through a citizens movement for transformation of India.

The focus of *i Watch* on governance, education, economics, entrepreneurship and employment generation are the real issues facing the nation today.

The analysis, findings and the action suggested based on comparative study is definitely revealing and can bring wonderful results if acted upon by different stakeholders in the country.

For example, the document brings out clearly the need for India to be made as an international hub for technical education.

The document also addresses the action plan for GDP growth rate from 10% to 14%.

Societal transformers, programme management agencies, new entrepreneurs, education planners can all benefit from the data and analysis provided in the document, **Transforming INDIA.**

My best wishes to Shri Krishan Khanna and his team for success in their societal transformation missions.
